Quicksticks

24 teams took part in this year's Yr5&6 Quicksticks Competition, which was hosted at Whitefield Secondary School in February. Many of the participants had played limited amount of hockey before attending, and after the first few games, everyone's confidence improved, and the standard got better and better. Both Semi-Finals and the Final went to extra time, with none of the teams giving up. In Golden Goal, Wessex Gardens snuck a goal past the Goldbeaters strong defence, and were crowd Champions for 2019. A big thank you to the leaders from Whitefield School, who were professional and great on the whistle.
